

# Offshore Motus Monitoring Framework Workshop

Wed, June 8, 2022

11:00 am – 1:00 pm (EST)

## Final Agenda

### ***Workshop goals:***

- *Introduce Offshore Motus Monitoring Framework*
- *Ideas for tag deployment strategies*
- *Obtain initial feedback from stakeholders*
- *Discuss opportunities for further engagement*

- 11:00-11:10** Welcome and introductions – Kate Williams, Biodiversity Research Institute (BRI)
- 11:10-11:25** Monitoring framework overview – Pam Loring, U.S. Fish and Wildlife Service
- 11:25-11:35** Detecting birds at offshore Motus stations - Evan Adams, BRI
- 11:35-11:50** Motus power analysis to inform tag deployment – Juliet Lamb, The Nature Conservancy
- 11:50-12:05** Option for centralizing tag deployments – Emily Shumchenia, Regional Wildlife Science Collaborative
- 12:05-12:10** Introduce breakout groups - Kate Williams
- 12:10-12:40** Breakout groups - feedback on centralized versus decentralized approaches to tagging
- 12:40-12:50** Wrap up - Kate Williams
- 12:50-12:55** Share link to poll - Kate Williams
- Poll link: <https://forms.office.com/r/JbW16pB9Zs>
  - Note that responses are *anonymous* - we're looking for anonymized feedback on people's interest in centralized vs. site-specific Motus tag deployments in relation to OSW development.
  - Leave poll open 24 hours in case people want more time to respond.
- 12:55-1:00** Next steps - Kate Williams
